The Learner and the New Curriculum

Welcome to the NSW syllabuses for the Australian curriculum.

Additional features now available include: support materials, syllabus download, hyperlinked glossaries, filtering and advanced search facilities.

In 2012 and 2013 schools will continue to use the existing NSW K–12 syllabuses. Implementation of the new syllabuses will begin in a phased approach from 2014. More detail is provided in the implementation timetable.

News and events

- View the President’s video introduction to the new syllabuses
- Read the latest news about the Australian curriculum in NSW
- View the Parents’ Guide to the new NSW K–10 syllabuses
- Read the consultation reports for version 2 of the draft K–10 syllabuses

SYLLABUS

- **English K–10**
- **Mathematics K–10**
- **Science K–10**
- **History K–10**

http://syllabus.bos.nsw.edu.au/
Choose one of the syllabuses below. Click the download button for a full PDF of the syllabus, or choose options to customise your download.

- **ENGLISH K–10 SYLLABUS**
  - English K–10
  - (PDF, 218 pages, 2.38 MB)

- **MATHEMATICS K–10 SYLLABUS**
  - Mathematics K–10
  - (PDF, 497 pages, 7.68 MB)

- **SCIENCE K–10 SYLLABUS**
  - Science K–10
  - (PDF, 175 pages, 2.22 MB)

- **HISTORY K–10 SYLLABUS**
  - History K–10
  - (PDF, 142 pages, 1.98 MB)

FILTER CONTENT

Filter syllabuses for learning across the curriculum (LAC) areas. You can filter by syllabus, stage and/or LAC area. Preview in context or click through to the syllabus content.

Asia-related literary texts

Supporting the Australian Curriculum for English

Inclusion of Asia-related texts into the study of English will assist teachers to realise the cross-curriculum priority of Asia and Australia's engagement with Asia in the study of English and to make an important contribution to student knowledge, skills and understanding of our region through the Australian Curriculum.

The texts are presented in lists that relate to the content descriptions of the Australian Curriculum for English at each year or stage and offer a choice from a range of age-appropriate texts. Each list from Foundation to Year 2 can be sorted by author, title or setting and in addition by text type for years 3–10. Each text is accompanied by notes to assist teachers in text selection.

Select a year level or the complete list of Asia-related texts from the items below:

- Foundation year
- Year 1
- Year 2
- Years 3–4
- Years 5–6

| All   | 4, 5, 6 | Free Graphing Calculator | Free | ✓    | ✓      | ✓    | Features:  
1. Scientific Calculator  
2. Graphing Capabilities  
3. A unit converter  
4. Constants for scientific calculations  
5. It can make a table of values for any function you care to enter  
6. The maths/science reference ... currently includes algebra, ... calculus, geometry, trigonometry... |
| All   | 2, 3, 4, 5, 6 | Sketchpad Explorer | Free | ✓    |        |      | Drag, manipulate and animate visual mathematics to develop and generalize your understanding of fundamental concepts across elementary math, geometry, algebra, trigonometry, calculus, and beyond. Based on the award-winning software The Geometer's Sketchpad®, the Sketchpad Explorer app allows you to interact with, and investigate, any document created in Sketchpad.  
Sketchpad Explorer includes iPad®-specific activities and workbooks for:  
- elementary mathematics (Grades 1–6)  
- early algebra (Grades 7–9)  
- geometry (Grades 9–10)  
as well as full access to many mathematical documents hosted on the Sketch Exchange community site and across the web. Users of The Geometer's Sketchpad can also create and share documents with and for their iPad using iTunes® File Sharing. |
